

This map shows the path of the [Total Solar Eclipse of 2012 Nov 13](#). The northern and southern path limits are blue and the central line is red. The yellow lines crossing the path indicate the position of maximum eclipse at 10-minute intervals. The four-way toggle arrows (upper left corner) are for navigating around the map. The zoom bar (left edge) is used to change the magnification. The three buttons (top right) turn on either a map view, a satellite view or a hybrid map/satellite view.
